If you obtain a successful position in the ranking list and **have scored less than 3 points on the Maths questions** of the ENGLISH TOLC-F or TOLC@HOME tests or a Math Score **of less than 343 on the SAT test**, you may register by the deadline but will have to complete the Further Required Courses (OFAs).

With regard to this obligation, we inform that:

- the Faculty of Pharmacy and Medicine has produced video courses in all subjects for which Further Required Courses can be given: specifically MATHEMATICS
- The Degree Programme, depending on the type, the area and the possible needs represented by candidates who have been given Further Required Courses, carries out remedial work by setting up small groups coordinated by a reference lecturer, with the support of specially trained student-collaborators
- Dates, course and/or activity modalities, as well as any other information, are published in the appropriate section of the Faculty's website <https://farmed.web.uniroma1.it/en> and in the Attendance section of the degree programme's page, in the course catalogue <https://corsidilaurea.uniroma1.it/en>

The Further Required Courses (OFAs) are deemed to be fulfilled by passing:

- the curricular exam provided by the Degree Programme: Mathematics in the case of a Further Required Course in Mathematics
 - or
 - the relevant remedial test organised by the degree programme (Further Required Course test or interview).
- The dates and procedures for the remedial tests will be published in the Attendance section of the degree programme's page, in the course catalogue <https://corsidilaurea.uniroma1.it/en>

Failure to complete the Further Required Courses entails the impossibility, as from the academic year 2026-2027, of sitting exams relating to years subsequent to the first.

Annex 1. ENGLISH TOLC-F - SAT

A1.1 - ENGLISH TOLC-F

Those enrolled in the fourth or fifth year of high school or who obtained the relevant diploma are admitted to take the ENGLISH TOLC-F.

The ENGLISH TOLC-F is an assessment test aimed at ascertaining preparation for studies; it is delivered on the computerised platform managed by the *Consorzio Interuniversitario Sistemi Integrati per l'Accesso* (CISIA). It consists of individual tests, which differ from student to student, composed of questions selected automatically and randomly from the CISIA ENGLISH TOLC-F database by means of software; all the ENGLISH TOLC-Fs generated have a similar or at least comparable level of difficulty. The CISIA ENGLISH TOLC-F database, containing the questions used for the test, is protected and validated by national scientific committees appointed by CISIA.

At <https://www.cisiaonline.it/en> you can find more information on the organisation of the test (<https://www.cisiaonline.it/area-tematica-english-tolc-farmacia/home-english-tolc-f/>) and you can practice and take placement tests of the ENGLISH TOLC- (https://allenamento.cisiaonline.it/utenti_esterni/login_studente.php).

The ENGLISH TOLC-F can be taken either at Sapienza University of Rome or at any of the other CISIA member venues on the dates and sessions listed on the website <https://www.cisiaonline.it/en>; each day of the test is divided into several rounds; the address of the venue and the time are indicated when registering on the portal <https://www.cisiaonline.it/en> **When registering, it is therefore necessary to indicate the test venue.**

Please Note: Registration closes approximately one week before the day designated for taking the test.

The ENGLISH TOLC-F registration receipt, printed from the CISIA website, must be shown on the day of the test in order to enter the test room.

The test may only be repeated once per calendar month regardless of the test venue and type of delivery.

A1.2 - ENGLISH TOLC-F in the TOLC@HOME mode

CISIA has developed a procedure, called TOLC@HOME, which allows for the standard delivery of the test also at home and this is in all respects identical to the ENGLISH TOLC-F.

The test may only be repeated once per calendar month regardless of the test venue and type of delivery. The TOLC@HOME is held on the dates and sessions listed on the website <https://www.cisiaonline.it/en>.

A1.3 - How to register for ENGLISH TOLC-F (also for TOLC@HOME mode)

Registration for the **ENGLISH TOLC-F (also in TOLC@HOME mode)** takes place online on the CISIA portal at <https://www.cisiaonline.it/en> and requires a **€ 35,00**.

Please Note: during the registration phase it is necessary to pay attention to entering the **correct tax code**; for the acquisition of the score obtained in the test it is necessary that the tax code entered on Infostud and on the CISIA website correspond.

A1.4 – Structure and assessment of the test

The ENGLISH TOLC-F (also in TOLC@HOME mode) consists of 50 questions divided into 5 sections. To determine the score required for participation in the selection, the sections include Biology, Chemistry, Mathematics, Physics and Logic.

SECTIONS	NO. OF QUESTIONS	TIME AVAILABLE
BIOLOGY	15 QUESTIONS	20 MINUTES
CHEMISTRY	15 QUESTIONS	20 MINUTES
MATHEMATICS	7 QUESTIONS	12 MINUTES
PHYSICS	7 QUESTIONS	12 MINUTES
LOGIC	6 QUESTIONS	8 MINUTES
TOTAL	50 QUESTIONS	1 HOUR AND 12 (72 MINUTES)

The topics covered by the test can be found in a Syllabus available at:

<https://www.cisiaonline.it/area-tematica-english-tolc-farmacia/structure-and-syllabus/>

The result of each test is determined by the number of correct, incorrect and ungiven answers, assessed as follows:

- **1 point for each correct answer**
- **0 points for each ungiven answer**
- **– 0,25 for each incorrect answer**

A1.5 – Result of the test

The result obtained in the in-person **ENGLISH TOLC-F** is available immediately after the end of the test, on the same computer terminal assigned for the test; it can be viewed and downloaded in the "test results" section of the CISIA website, by accessing your "test reserved area" with the credentials you used to register on the portal.

The score of the **ENGLISH TOLC-F** in the TOLC@HOME mode, immediately viewable on the screen at the end of the test, will be recognised as official and made available, except in the case of non-compliance of test performance in accordance with the CISIA "TOLC Participants" Regulations, within 48 hours of the day following the date of the test.

Those who have correctly taken the test, following the rules and behaviours indicated in the regulations, will have their TOLC@HOME result recognised/validated and will be able to access the result certificate within 48 hours from the day after the test has been taken.

The English Tolc-f (also in the TOLC@HOME mode) may be repeated several times in order to obtain a result at least above the required threshold or to avoid the assignment of Further Required Courses (OFAs), **but no more than once a month.**

A1.6 - SAT

The **SAT General Test** (hereafter, SAT) is a test used in admission procedures at colleges and universities worldwide. Delivered in English, the SAT includes a **Reading Test**, a **Writing and Language Test**, and a **Math Test**. It is administered by the **College Board**: further information such as the test schedule, required payments, test venues, and deadlines can be found on the College Board website: <https://collegereadiness.collegeboard.org/>. The division of the number of questions and the time available for each section are shown in the table below.

SECTIONS	NO. OF QUESTIONS	TIME AVAILABLE
READING	52 QUESTIONS	65 MINUTES
WRITING AND LANGUAGE	44 QUESTIONS	35 MINUTES
MATH TEST – NO CALCULATOR	20 QUESTIONS	25 MINUTES
MATH TEST – CALCULATOR	38 QUESTIONS	55 MINUTES
TOTAL	154 QUESTIONS	3 HOURS (180 MINUTES)

The candidate taking the test obtains a score (**SAT Total Score**) that summarises the results of the test sections. The score is given on a scale **from 400 to 1600** and combines the **Evidence-Based Reading and Writing score** and the **Math score** (each on a 200-800 scale). The score report provides further information based on additional sub-scores. The total score is required for the admission procedure and determines the rankings.

For those who have taken the SAT **more than once** (starting from **January 2023** and by the selection deadlines), the **best score** obtained from those that the candidate has asked the College Board to send to Sapienza University of Rome will be taken into consideration for the purposes of the rankings.

The candidate must send, through the College Board, the SAT Scores to Sapienza University of Rome via the Higher Education Institution Code below:

Higher Ed. Institution code	Name of the institution
9038	Sapienza University of Rome

SAT Scores can be submitted directly via the College Board website

<https://collegereadiness.collegeboard.org/sat/scores/sending-scores/how-to-send>

To this end, it is recommended that you carefully check the SAT Score submission times on the College Board website <https://collegereadiness.collegeboard.org/>

Methodological note and concordance tables between SAT and English TOLC-F

In order to make the results of the admission tests considered in this call for applications comparable, a **single grade** expressed in **hundredths** will be used. The conversion is based on the following formulae. Considering

- T_{TOLC}^{min} equal to 0
- T_{TOLC}^{max} equal to the maximum score obtainable with the English TOLC-F i.e. 50,
- T_{TOLC} equal to the score obtained by the candidate through the English TOLC-F

the unified score is calculated as follows:

$$T = \begin{cases} 0 & \text{if } T_{TOLC} \leq T_{TOLC}^{min} \\ \frac{T_{TOLC} - T_{TOLC}^{min}}{T_{TOLC}^{max} - T_{TOLC}^{min}} \times 100 & \text{otherwise.} \end{cases}$$

Considering

- T_{SAT}^{min} equal to 600
- T_{SAT}^{max} equal to the maximum score obtainable with the SAT, i.e. 1600,
- T_{SAT} equal to the candidate's score on the SAT,
- the unified score is calculated as follows:

$$T = \begin{cases} 0 & \text{if } T_{SAT} \leq T_{SAT}^{min} \\ \frac{T_{SAT} - T_{SAT}^{min}}{T_{SAT}^{max} - T_{SAT}^{min}} \times 100 & \text{otherwise.} \end{cases}$$

The resulting **tables of concordance** are set out below.

- additional time up to 30% more than that defined for the TOLC;
- a basic non-scientific calculator depending on the certification submitted.

If you choose Sapienza University as the venue at which you intend to carry out the TOLC, you will have to enter the attestations and certifications necessary to prove your SpLD status through a special document upload form provided by CISIA, which will forward the documentation to Sapienza University of Rome.

Requests must be received by the TOLC registration deadline and must be accompanied by appropriate SpLD certification issued by National Health System (SSN) facilities or by specialists and facilities accredited by the same. You will be able to check the allocation of aid within the TOLC delivery platform.

If the attached documents do not specify the accreditation of the facilities **or specialists** who issued the certification, you must add a note with the data confirming this accreditation.

The SpLD certification must be articulate and clear, with reference to nosographic codes and the explicit wording of the SpLD (in reading and/or writing and/or calculation).

The diagnosis must have been issued no more than three years previously if issued for minors.

If you have a recognised disability or a diagnosis of SpLD and you reside abroad, if you wish to take advantage of the benefits described in the previous sections, you must present the certification attesting to your disability or SpLD status issued in your country of residence, accompanied by a sworn translation in Italian or English.

Annex 4. Isee for the right to academic education

The Isee (Indicator of the Equivalent Economic Situation) for the right to academic education is necessary to obtain a reduction in tuition fees (the lower the Isee value, the lower the amount to be paid).

The calculation of the Isee for the right to academic education must be requested from the Tax Advice Centres (*CAF*) after January 15, 2025, and at least 30 days before the deadlines provided

For holders of the PIN code or SPID digital identity (unique code for access to all digital and online services of the Public Administration), it is also possible to request the calculation of the Isee 2025 directly online, by submitting the DSU (*Dichiarazione Sostitutiva Unica*) on the INPS website <https://www.inps.it/>

For candidates with foreign citizenship and/or income earned abroad who are therefore unable to provide the ISEE certification, a fixed enrolment fee applies based on the country of origin.
