

## Academic year 2025-2026

Admission methods for the Master's Degree with entry requirements and academic knowledge assessment in:

# Telecommunication Engineering

Faculty of Information Engineering, Computer Science, and Statistics

Classe: LM-27; codice da inserire su Infostud: **33510**

Degree programme delivered in English language

## 1. Stages of the procedure

For admission to the master's degree, it is required to:

- a. **Pay** the €10,00 fee in compliance with the methods and deadlines indicated in section 3.
- b. **Wait for the outcome** of the entry requirements assessment. **If the requirements are not met**, it is possible to acquire the missing credits by passing single exams. The methods and costs are set out in "*Single Courses*" of the Student Regulations [Go to the Student Regulations](#)
- c. **Carry out the academic knowledge assessment** in the modalities indicated in section 4.
- d. **Proceed to enrolment** by paying the master's degree enrolment tuition fees in accordance with the procedures and deadlines indicated in section 5. Enrolment can only take place when the Student Affairs Office sends an email notification of the successful outcome of entry requirements and academic knowledge assessment.

### For candidates from other Italian universities

Candidates from other Italian universities, after having made their payment, must send the following by e-mail to the Student Affairs Office ([segreteriaididattica@diag.uniroma1.it](mailto:segreteriaididattica@diag.uniroma1.it)) by the same dates as for the entry requirements assessment application, self-certification of the qualification obtained with the indication of the degree class, the exams taken and the scientific-disciplinary sectors corresponding to the subjects and a copy of the payment of the € 10,00 fee. Failure to submit the declaration of prior education or the negative outcome of the curricular requirements entails the impossibility of enrolling in that specific degree programme.

### For candidates who have not graduated yet

If the programme regulations provide for it, candidates who have not yet graduated (from Sapienza University of Rome or other universities) may also apply for entry requirements assessment, without prejudice to the obligation to graduate by January 24, 2026 (for those who have not yet graduated from Sapienza University of Rome) and by December 20, 2025 (for those who have not yet graduated from other Italian and international universities).

### For candidates from foreign countries and/or with an educational qualification obtained in a non-Italian education system

Procedures for candidates coming from foreign countries are indicated in section 6.

## 2. Entry requirements

To be admitted to the Master's Degree Programme in Telecommunication Engineering, applicants must meet the following curricular requirements:

- hold a three-year university degree or diploma, or other equivalent qualification acquired abroad and deemed suitable;
- have acquired at least 120 ECTS in the Scientific-Disciplinary Sectors (SSDs) listed below:
  - Mathematical and computer sciences: MAT/\*, INF/01
  - Physical sciences: FIS/\*
  - Information Engineering: ING-INF/\*
  - Industrial engineering: ING-IND/\*
  - Statistical sciences: SECS-S/01, SECS-S/02

with the constraint that at least 60 ECTS must have been acquired in the fields FIS/\*, MAT/\* and ING-INF/\*.

Applicants are also required to have:

- proficiency in English language, in written and oral form, of a level no lower than B2 of the Common European Framework of Reference for Languages (CEFR);
- an adequate academic knowledge in the foundation scientific disciplines (mathematics and physics) and in the foundation disciplines of information engineering, with particular reference to the subject area of telecommunications engineering.

The methods for assessing the adequacy of language skills and academic knowledge are briefly outlined in section 4. For details, please refer to the Programme Regulations.

Applicants from non-EU countries resident abroad and applying for academic year 2025-2026 study visas are also required to hold the pre-acceptance letter (Online Preselection Application - Sapienza University of Rome, <https://www.uniroma1.it/en/admissions>)

## 3. Entry requirements assessment

The assessment of entry requirements is requested by paying a fee of €10,00 from July 2, 2025 to one of the following dates of your choice:

- September 16, 2025 (only date available for non-EU candidates who request a student visa)
- October 16, 2025
- November 18, 2025
- December 16, 2025
- January 15, 2026 (date reserved for those who have already graduated or are about to graduate from Sapienza University of Rome).

**Payment** is generated on the Infostud system.

**Payment** is made online via PagoPA (direct payment).

The code to be entered in the system is **33510**.

[Read the instructions](#)

**The outcome** of the entry requirements assessment will be communicated to the institutional mailbox (if activated) or to the personal email address declared on Infostud.

## 4. Academic knowledge assessment

Only applicants who meet the curricular requirements are admitted to the academic knowledge assessment stage.

The assessment is carried out by a commission appointed by the Telecommunications Engineering Educational-area Board, responsible for assessing academic knowledge based on the following criteria:

- average grade within the three-year degree;
- time required to obtain the qualification;
- relevance of the bachelor's degree study plan;
- other extracurricular activities, including work and other learning activities;
- language proficiency certification;
- possible interview.

Depending on the outcome of the assessment, study plans differentiated up to a maximum of 36 ECTS may be identified, in order to ensure that students admitted to the Master's Degree in Telecommunication Engineering are able to participate successfully in the education process.

For details on how the adequacy of language skills and academic knowledge will be assessed, please refer to the Programme Regulations.

## 5. Enrolment

Enrolment is obtained through payment of the programme enrolment tuition fees, after successful completion of the assessment of entry requirements and academic knowledge.

**Payment** is generated on the Infostud system.

**Payment** is made online via PagoPA (direct payment).

The **code** to be entered in the system is **33510**.

[Read the instructions](#)

The terms for paying the first instalment are indicated in the Student Regulations, Part II "*Contribuzione studentesca*", under the section "*Payment deadlines*"

[Go to the Student Regulations](#)

## 6. For candidates with an educational qualification obtained in a non-Italian education system

Procedures differ according to nationality and country of residence.

**For those with citizenship in non-EU countries, residing abroad and applying for a study visa, and for those from China and participating in the Marco Polo project**

In these cases, it is necessary to have the mandatory pre-acceptance letter.

The procedures to be followed are indicated in section 7 of the International Student Office page

[Read section 7](#)

**For those with Italian citizenship, for those with citizenship in EU countries (regardless of country of residence) and for those with citizenship in non-EU countries with a residence permit in Italy**

The procedures referring to these cases are indicated in section 8 of the International Student Office page

[Read section 8](#)

### **Enrolment procedures for those with an educational qualification from a non-Italian education system**

Following the successful outcome of the entry requirements assessment, or upon receipt of the pre-acceptance letter, those in possession of an educational qualification obtained in a non-Italian education system must complete the enrolment procedure for the two-year Master's degree programme as indicated in section 4 of the International Student Office page
