

Academic year 2025-2026

Admission methods for the Master's Degree with entry requirements and academic knowledge assessment in:

Statistical Methods and Applications

Faculty of Information Engineering, Computer Science, and Statistics

Class: LM-82; code to be entered on Infostud: **33517**

Degree Programme delivered in English language

1. Stages of the procedure

For admission to the master's degree, it is required to:

- a. **Pay** the €10,00 fee in compliance with the methods and deadlines indicated in section 3.
- b. **Wait for the outcome** of the entry requirements assessment. **If the requirements are not met**, it is possible to acquire the missing credits by passing single exams. The methods and costs are set out in "*Single Courses*" of the Student Regulations [Go to the Student Regulations](#)
- c. **Carry out the academic knowledge assessment** in the modalities indicated in section 4.
- d. **Proceed to enrolment** by paying the master's degree enrolment tuition fees in accordance with the procedures and deadlines indicated in section 5. Enrolment can only take place when the Student Affairs Office sends an email notification of the successful outcome of entry requirements and academic knowledge assessment.

Candidates from other Italian universities

Candidates coming from other Italian universities, after having made the payment, must send the following documents by email to the Department of Statistical Sciences Educational Affairs Office (didattica-dss@uniroma1.it with Subject: "Assessment of requirements SMA degree"), by the same dates set for the application for the entry requirements assessment application:

1. Self-certification of the qualification obtained (indicate the class of degree), exams taken (indicate for each exam the number of ECTS and Scientific-Disciplinary Sector) and any language certifications;
2. A copy of the payment receipt of the €10,00 fee;
3. A copy of a valid ID document.

Failure to submit the aforementioned documents or a negative result in the assessment of curricular requirements will result in the impossibility of enrolling in this specific degree programme.

Candidates who have not graduated yet

If the programme regulations provide for it, candidates who have not yet graduated (from Sapienza University of Rome or other universities) may also apply for entry requirements assessment, without prejudice to the obligation to graduate by January 24, 2026 (for those who have not yet graduated from Sapienza University of Rome) and by December 20, 2025 (for those who have not yet graduated from other Italian and international universities).

For candidates coming from foreign countries and/or in possession of a qualification obtained in a non-Italian education system

Procedures for candidates coming from foreign countries are indicated in section 6.

2. Entry requirements

Admission to the master's degree is open to students who hold a bachelor's degree (or equivalent qualification) and have obtained an adequate number of credits in relevant scientific-disciplinary sectors in foundation and core sectors of the L-41 class (class of degrees in Statistics).

For admission, candidates must meet the curricular requirements listed below as RC1 and RC2 and the appropriate academic knowledge listed below as APP1 and APP2.

RC1. A three-year university degree or diploma, or any other qualification awarded abroad deemed suitable.

RC2. To have acquired at least 60 credits (ECTS) in the whole set of scientific-disciplinary sectors indicated in the following areas (in brackets the sectors defined by Ministerial Decree no. 639 of May 02, 2024):

- Area 01 (Mathematical and Computer Sciences): MAT/* (MATH-*), INF/01 (INF-01/A)
- Area 02 (Physical sciences): FIS/01 (PHYS-01/A, PHYS-03/A), FIS/02 (PHYS-02/A, PHYS-04/A), FIS/07 (PHYS-06/A)
- Area 06 (Medical sciences): MED/01 (MEDS-24/A)
- Area 09 (Industrial and information engineering) ING-IND/35 (IEGE-01/A), ING-INF/05 (IINF-05/A), ING-INF/06 (IBIO-01/A)
- Area 11 (Historical, philosophical, pedagogical and psychological sciences): M-PSI/03 (PSIC-01/C)
- Area 13 (Economic sciences and statistics) SECS-S/* (STAT-*), SECS-P/* (ECON-*, STEC-*)
- Area 14 (Political and social sciences) SPS/07 (GSPS-06/A).

APP1. Knowledge of Mathematics, Probability, Statistics. Specifically:

- Mathematics - Basic elements of differential and integral calculus, functions of one or more variables, linear algebra and analytical geometry.
- Probability - Properties of probability; Random variables; notions of convergence of successions of random variables.
- Statistics - Elements of descriptive statistics. Inferential statistics: sample distributions; methods for parameter estimation; parametric hypothesis testing.
- Computer Science - Knowledge of at least one programming language.

APP2. English language knowledge at B2 level or higher.

For each candidate who satisfies the RC1 and RC2 curricular requirements and also has certified knowledge of English at level B2 or higher (APP2), the assessment of the possession of adequate knowledge of Mathematics, Probability, Statistics and Computer Science (APP1) is carried out by a special Commission appointed by the competent educational body. For the purposes of assessment, the Commission takes into account the curriculum vitae and, in cases deemed appropriate, invites the candidate to an interview, which may also be aimed at verifying the required level of English language knowledge in the absence of language certification. Depending on the assessment of the curriculum and on the outcome of the interview, if any, the

Commission may identify specific study plans which, in compliance with the programme's table of educational activities, include subjects not already covered and considered essential for the candidate's training.

3. Entry requirements assessment

The assessment of entry requirements is requested by paying a fee of €10,00 from July 2, 2025 to one of the following dates of your choice:

- September 16, 2025 (only date available for non-EU candidates who request a student visa)
- October 16, 2025
- November 18, 2025
- December 16, 2025
- January 15, 2026 (date reserved for those who have already graduated or are about to graduate from Sapienza University of Rome).

Payment is generated on the Infostud system.

Payment is made online via PagoPA (direct payment).

The **code** to be entered in the system is **33517**.

[Read the instructions](#)

The outcome of the entry requirements assessment will be communicated to the institutional mailbox (if activated) or to the personal email address declared on Infostud.

4. Academic knowledge assessment

The academic knowledge assessment (APP1. and APP2.) is carried out if the curricular requirements (points RC1. and RC2.) are met.

The procedures for assessing the adequacy of academic knowledge, which only students who meet the curricular requirements may take part in, are set out in the Didactic Regulations, which are available on the degree programme website.

[Go to the Course Catalogue](#)

5. Enrolment

Enrolment is obtained through payment of the enrolment tuition fees, after successful completion of the entry requirements and academic knowledge assessment.

Payment is generated on the Infostud system.

Payment is made online via PagoPA (direct payment).

The **code** to be entered in the system is **33517**.

[Read the instructions](#)

The terms for paying the first instalment are indicated in the Student Regulations, Part II "*Contribuzione studentesca*", under the section "*Payment deadlines*"

6. Candidates with an educational qualification obtained in a non-Italian education system

Procedures differ according to nationality and country of residence.

For those with citizenship in non-EU countries, residing abroad and applying for a study visa, and for those from China and participating in the Marco Polo project

In these cases, it is necessary to have the mandatory pre-acceptance letter.

The procedures to be followed are indicated in section 7 of the International Student Office page

[Read section 7](#)

For those with Italian citizenship, for those with citizenship in EU countries (regardless of country of residence) and for those with citizenship in non-EU countries with a residence permit in Italy

The procedures referring to these cases are indicated in section 8 of the International Student Office page

[Read section 8](#)

Enrolment procedures for those with an educational qualification from a non-Italian education system

Following the successful outcome of the entry requirements assessment, or upon receipt of the pre-acceptance letter, those in possession of an educational qualification obtained in a non-Italian education system must complete the enrolment procedure for the two-year Master's degree programme as indicated in section 4 of the International Student Office page
