Annex 1. TOLC AND SAT TESTS

A1.1 – ENGLISH TOLC-E (including TOLC@HOME mode)

ENGLISH TOLC-E is an assessment test designed to verify study skills; it is provided on the digital platform run by CISIA (Consortium of Inter-University Integrated Access Systems). The tests, made up of questions selected automatically and randomly from the CISIA database by means of software, vary from one student to another; all the ENGLISH TOLC-E generated have similar or comparable levels of difficulty. The CISIA ENGLISH TOLC-E database, which contains the questions used for these tests, is protected and validated by national scientific committees set up by CISIA.

Further information on how the test is organised is available at this website www.cisiaonline.it.

For more details, go to:

<https://www.cisiaonline.it/area-tematica-english-tolc-economia/home-english-tolc-e/>

The ENGLISH TOLC-E in TOLC@HOME mode enables students to take the test from home, and it is identical to ENGLISH TOLC-E in every aspect.

The dates and sessions when ENGLISH TOLC-E in TOLC@HOME mode can be taken are listed on the website www.cisiaonline.it.

A1.2 – How to register for ENGLISH TOLC-E (including TOLC@HOME mode)

Candidates enrolled in the fourth or fifth year of high school or who have already gained their high school diploma may take the **ENGLISH TOLC-E (including TOLC@HOME mode)**.

Registration for **ENGLISH TOLC-E (including TOLC@HOME mode)** must be done online at the CISIA portal at www.cisiaonline.it and requires a payment of € 35,00.

Please note: during registration ensure that the **tax identification number** is correct: for the marks gained in the test to be accredited, it is essential that the tax identification number indicated on Infostud and on the CISIA website correspond precisely.

A1.3 – Test format and assessment

English TOLC-E (including TOLC@HOME mode) comprises 36 questions divided into 3 sections. The sections are: Mathematics, Logic, Verbal comprehension. The table below shows how the questions are subdivided and the time available for each section:

Section	Number of questions	Time given
Mathematics	13	30 minutes
Logics	13	30 minutes
Verbal comprehension	10	30 minutes
Total	36 questions	90 minutes (1 hour and 30 minutes)

A1.4 – Results of ENGLISH TOLC-E (including TOLC@HOME mode)

The result of each ENGLISH TOLC-E (including TOLC@HOME mode), with reference to the Mathematics, Logic and Verbal comprehension sections, is determined by the number of correct, wrong and missing answers leading to a final mark, calculated as follows:

Bonus/malus	Criterion (Mathematics, Logics and Verbal Comprehension)
+1 point	Correct answer
0 points	Ungiven answer
-0.25 points	Wrong answer

The result obtained in the in-person ENGLISH TOLC-E is available immediately after the end of the test, on the same computer terminal assigned for the test; it can be viewed and downloaded in the "test results" section of the CISIA website, by accessing your "test reserved area" with the credentials you used to register on the portal.

The score obtained in TOLC@HOME mode, immediately viewable on the screen at the end of the test, will be recognised as official and made available, subject to verification of non-compliance of test performance in accordance with the CISIA "TOLC Participants" regulations, within 48 hours from the day after the test date. Candidates who have taken the test correctly, following the rules and behaviour indicated in the regulations, will have their TOLC@HOME result recognised/validated and will be able to access the resulting certificate within 48 hours from the day after the test was taken.

The ENGLISH TOLC-E (also in the TOLC@HOME mode) may be repeated several times in order to obtain a result above the threshold required or to avoid the assignment of Further Required Courses (OFAs), **but no more than once a month.**

A1.5 – SAT General test

The SAT (Scholastic Assessment Test) General Test (hereafter SAT) is a test used in admission procedures in colleges and universities worldwide. It is in English and comprises a **Reading Test**, a **Writing and Language Test** and a **Math Test**. It is managed by **College Board**: further information such as test dates, payments required, test locations and deadlines can be found on College Board's website:

<https://collegereadiness.collegeboard.org/>. The table below shows how the questions are subdivided and the time available for each section.

Test	Number of questions/activities	Time given
Reading	52	65 minutes
Writing and language	44	35 minutes
Math test – no calculator	20	25 minutes
Math test – calculator	38	55 minutes
Total	154	180 minutes (3 hour)

Candidates who take the test gain a mark (**SAT Total Score**) which adds together the results of each test section. The marks are on a **range between 400 and 1600** and combine the **Evidence-Based Reading and Writing score** and the **Math score** (each on a range between 200–800). The score report gives further information based on other sub-scores.

The score is essential for admission procedures and determines whether Further required Courses will be assigned, on the basis of the indications in [point 9](#).

For candidates who have taken SAT more than once from 1 January 2023 onwards, the best marks gained among those the candidates have requested College Board to send to **Sapienza by October 30, 2025**, will be valid.

Candidates must send, through the College Board, the SAT Score to Sapienza using the following Higher Education Institution Code:

Higher Ed. Institution code	Name of the institution

The SAT Score can be sent directly through the College Board website

<https://collegereadiness.collegeboard.org/sat/scores/sending-scores/how-to-send>

The SAT score must be received by the university **by October 30, 2025**.
