

Academic year 2018-2019

Admission procedures for the Masters Degree Programme with verification of requirements and of personal preparation¹ in:

Space and Astronautical Engineering

Ingegneria Spaziale e Astronautica

Faculty of Civil and Industrial Engineering

Class: LM-20; code to be indicated on Infostud: 29396

Admission requirements

Students who want to enrol in the Masters Degree Programme in Space and Astronautical Engineering must have a 3-year degree or other educational qualifications earned in Italy or abroad and validated as adequate by the law in force and must meet specific curricular requirements and have a proper personal preparation.

A) Candidates with an Italian qualification of the Academic System regulated by the DM 270/04 or by the DM 509/99

Curricular requirements

- a) The curricular requirements for students with an average grade for the exams of their first cycle degree that is greater than 22/30 and below 24/30 are:
- achievement of the minimum number of Credits (ECTS/CFU) required in the academic disciplines (SSD) below:

Credits	SSD
72	MAT/03-/05-/06-/07-/08, FIS/01-/02-/05, CHIM/07 ING-IND/03-/04-/05-/06-/07-/08-/09-/10-/11-/13-/14-/15-/22-/31, ICAR/08, ING-INF/01-/02-/03-/04-/05
27 ¹	MAT/05-/07, FIS/01
27 ¹	ING-IND/03-/04-/05-/06-/07

(1) Within the 72 Credits of the first group

Please Note: students who do not meet the requirements will have to take the single exams assigned by the Selection Board.

- b) For students with an average grade equal to or greater than 24/30 and below 26/30, the curricular requirements are:
- achievement of the minimum number of Credits (ECTS/CFU) required in the Academic Disciplines (SSD) below:

Credits	SSD
72	MAT/03-/05-/06-/07-/08, FIS/01-/02-/05, CHIM/07 ING-IND/03-/04-/05-/06-/07-/08-/09-/10-/11-/13-/14-/15-/22-/31, ICAR/08, ING-INF/01-/02-/03-/04-/05
27 ¹	MAT/05-/07, FIS/01
27 ¹	ING-IND/03-/04-/05-/06-/07-/08-/09-/14, ING-INF/02-/03-/04

(1) Within the 72 Credits of the first group

Please Note: students who do not meet requirements will have to take the exams assigned by the Selection Board.

- c) Students with an average grade equal to or greater than 26/30 must have achieved the minimum number of Credits (ECTS/CFU) required in the Academic Disciplines (SSD) below:

¹ I.e. Requirements and personal knowledge assessment

Credits	SSD
72	MAT/03-/05-/06-/07-/08, FIS/01-/02-/05, CHIM/07 any ING-IND, ICAR/08, ING-INF/01-/02-/03-/04-/05
27 ¹	MAT/05-/07, FIS/01

(1) Within the 72 Credits of the first group

Please Note: students who do not meet requirements will have to take the exams assigned by the Selection Board.

We recommend that students in points b) and c) compare their curriculum with the educational Regulation of the Aerospace Engineering Degree Programme and with the Syllabus indicated in the educational Regulation of the Space and Astronautical Engineering Degree Programme, and that they autonomously overcome any gap in knowledge

Curricular requirements are automatically met for:

- Candidates with an aerospace engineering degree of the class L-9 "Aerospace Engineering" DM 270/04 obtained from Sapienza University of Rome.
- Candidates with an aerospace engineering degree of the class L-10 "Aerospace Engineering" DM 509/99 obtained from Sapienza University of Rome.

Personal preparation verification

Candidates with a weighted average grade equal to or greater than 22/30 in their bachelors degree are admitted.

Any particular case of candidates with a weighted average grade below 22/30 will be examined by the Selection Board following the submission of a verification of personal preparation application to the Aerospace Engineering Area Committee President.

Please Note: the above-mentioned procedure will not be allowed after the Academic Year 2017/18.

For the admission to curriculum E - Aerospace engineering a B2 level English language certificate or equivalent is required.

B) Candidates with a qualification gained abroad or with an Italian qualification of a different Academic Discipline from those regulated by the DM 270/04 or the DM 509/99

The Selection Board will carry out the verification of personal preparation and of requirements examining the candidate's educational curriculum, motivation and other elements that may be indicated by the student such as study periods abroad, traineeships and other work experiences. Candidates may be called by the Selection Board for an interview.

For the admission to curriculum E - Aerospace Engineering a B2 level English language certificate or equivalent is required.

Operating procedures

Printing the payment slip

The application for the verification of requirements must be printed from the computerized system, Infostud, following the procedures described at <https://www.uniroma1.it/it/pagina/infostud>

The system will create a payment slip of the amount of €10 that is, at the same time, application, self-certification of personal details and privacy consent form, the payment for it must be made within one of the dates indicated below:

14 September 2018, 15 October 2018, 14 November 2018, 14 December 2018, 14 January 2019 (date only for graduand students and for Sapienza University of Rome graduates).

The payment must be made at an Italian Unicredit branch.

The results of the applications assessment will be sent at the institutional e-mail account (if activated) or at the e-mail address given on Infostud.

Students coming from other Universities

Before making the payment, students from other Universities must register following the procedure described on the same webpage, and submit to the Student administrative Office, within the same application deadlines prescribed for the verification of requirements, a self-certification of the educational qualification held, specifying the degree programme's Class, the exams taken and the corresponding Academic Disciplines (SSD) for each subject, and a copy of the proof of payment for the €10 payment slip. Failure to submit the student's previous study plan or a negative result in the verification of curricular requirements leads to not being allowed to enrol in the degree programme.

Students with the invitation letter

Before making the payment, students coming from Universities abroad must register following the procedure described on the webpage and must go to the Office for Students with a Foreign Qualification to complete the enrolment process providing these documents: passport, student visa (for non-EU citizens resident abroad), an uncertified copy of the Upper Secondary School diploma translated in Italian, legalised and with declaration of value, uncertified copy of the academic degree translated and legalised with declaration of value, uncertified copy of the exams list certificate (translated in Italian, if for a degree programme in Italian) to attest the exams taken, translated and legalised, a copy of the detailed programs for each subject, specifying the number of hours for theoretical and practical educational activities prescribed for obtaining the qualification (translated in Italian if the masters degree programme is in Italian), the proof of payment of the €10 payment slip for the verification of requirements.

Students without the invitation letter

Before making the payment, students from Universities abroad, must register following the procedure described on the webpage and send an e-mail to studentistranieri@uniroma1.it attaching a copy of their passport, student visa (for non-EU citizens resident abroad), exams list certificate (translated in Italian, if for a degree programme in Italian), the academic qualification with declaration of value, the detailed programs for each subject, specifying the number of hours for theoretical and practical educational activities prescribed for obtaining the qualification, the proof of payment of the €10 payment slip for the verification of requirements. The Office for Students with a Foreign qualification will then be in charge of sending the documents to the Representative of the Faculty concerned.

Graduand students

If laid down in the degree programme Regulation, students from Sapienza University of Rome or from other Italian Universities who have not yet graduated, without prejudice to the obligation to gain their degree within 18 January 2019 (for Sapienza University students) and within 21 December 2018 (for students from other Italian Universities), will also be allowed to apply for the verification of requirements.

Single exams to fulfil requirements

Graduates and graduand students from Sapienza University of Rome and from other Italian Universities who want to enrol in a masters degree programme of the D.M. 270/04 academic system at Sapienza University of Rome and who do not meet the related curricular requirements, may register for single courses before enrolling in the masters degree programme with a 75% price reduction for each single course. Any possible exam taken cannot be part of the bachelors degree, is not taken into account to calculate the average grade, and cannot be used for applying for a shortened degree, but is only added to the student's study plan for the above-mentioned purposes. Enrolment procedures for single courses are described in Article 41 of the Manifesto ("Manifesto generale degli studi").

Additional indications

Procedures following the requirements verification are indicated in Article 8 of the Manifesto ("Manifesto Generale degli studi") published on the University website <https://www.uniroma1.it/it/pagina-strutturale/studenti>
